SUMMARY OF TERMS

The following is a summary of certain information set forth more fully elsewhere in the Prospectus. This summary should be read in conjunction with such detailed information.

THE COMPANY: The Company is an exempted open-ended mutual fund company incorporated in Bermuda on March 21, 1997 with limited liability under the provisions of the Companies Act. The Company has been classified as an Institutional Fund under the Investment Funds Act. The Company has an authorized capital of U.S. \$112,000 divided into 10,000,000 non-voting, redeemable participating shares of par value U.S.\$0.01 each (the “**Common Shares**” or the “**Shares**”) and 12,000 ordinary, voting, non-participating, non-redeemable shares of par value U.S.\$1.00 each (the “**Founder Shares**”).

CLASSES OF SHARES: The Company is offering several classes of Shares to investors, details of which are set out in this Prospectus and in the attached relevant supplement (each a “**Supplement**”) which forms part of the Prospectus. Separate pools of assets will be segregated in separate sub-funds established and maintained by the Company in connection with each class of Shares created for issue (each a “**Class Fund**”). Each individual Class Fund will be managed by P.R.P. Performa Ltd. and/or Performa Limited (US), LLC (each an “**Investment Advisor**” and together the “**Investment Advisors**”) in such investment vehicles or securities as it considers appropriate to achieve the investment objective of the Class Fund. Generally, but not in all cases, each class of Shares attributable to a Class Fund shall be further divided into income shares (“**Income Shares**”) and accumulation shares (“**Accumulation Shares**”). It is anticipated that dividends will be paid quarterly on Income Shares and that no dividends will be paid on Accumulation Shares. In respect of each class of Income Shares and each class of Accumulation Shares, the Company maintains a separate fund within which all assets and liabilities attributable to the relevant class of Income Shares and Accumulation Shares, as the case may be, shall be held (each, a “**Fund**”).

INVESTMENT OBJECTIVE: Each Class Fund has its own investment objectives, risk tolerance and investment strategies particular to that Class Fund’s objectives and can be found in this Prospectus and in the Supplement of each Class Fund.

INVESTMENT STRATEGY:

The investment strategy of the Company is to invest in various financial instruments and strategies. The Investment Advisors manage the Class Funds by investing in such securities, investment vehicles or strategies, as they consider appropriate to achieve the investment objective of the Class Fund. The Investment Advisors may also evaluate and engage, on behalf of each Fund and Class Funds, additional sub-advisors (“**Sub-Investment Advisors**”) as deemed appropriate for meeting the objective of any Class Fund. A description of each Class Fund’s investment strategies can be found later in this Prospectus and in the Supplement of each Class Fund.

LETTERS OF CREDIT FACILITIES:

Certain Class Fund shares have been approved as acceptable collateral by various issuers of letters of credit. Shareholders may use such shares as eligible collateral to support letters of credit which these entities are in the business of issuing on behalf of insurance companies as required by insurance regulators in the United States. Depending on the Class Fund and the letter of credit issuer, the value of the Shares for collateral purposes have generally ranged from 85% to 95% for fixed income related Class Fund Shares and 70% to 85% for equity related Class Fund Shares of the Net Asset Value per Class Fund Share at the time of issuance of any letter of credit. The issuance of any letters of credit are subject to credit approval of each applicant by a bank in their sole discretion, and they reserve the right to issue or refuse to issue letters of credit on behalf of any applicant, whether or not the applicant has invested in the Shares. The value described above is taken on a case-by-case basis and, as such, may vary with each approval and the Investment Advisors do not act on behalf of the shareholder in such transaction. For more information on collateral for letters of credit facilities, please contact the Investment Advisors.

No bank that issues letters of credit has endorsed the Company, the Shares or is participating in the offering.

Comerica Bank, a bank that issues letters of credit from time to time, currently acts as the Custodian to the Company by virtue of a Custodian Agreement (see under “**Custodian**” and “**Material Contracts**”).

OFFERING OF SHARES:

Shares of the Company will be available for subscription, pursuant to this Prospectus and any Supplement generally on a daily basis subject to normal bond and stock market schedules in Bermuda and the US and at such other times as the Board of Directors of the Company (the “**Directors**”) may allow from time to time (“**Dealing Day(s)**”). The price at which Shares are issued is based upon the net asset value per Share (the “**Net Asset Value Per Share**”) generally as of the close of business on the preceding Business Day (as defined in the Bye-Laws). The subscription price is payable in full on application.

QUALIFIED INVESTOR:

An investor in the Company who has truthfully completed an investor suitability declaration, in the form prescribed by the BSX, from time to time or in such other form as that exchange may approve, and either:

- (a) makes an investment in the Shares of not less than U.S.\$100,000 (unless waived by the Directors); or
- (b) otherwise meets one of the suitability tests set out in the declaration.

ELIGIBLE INVESTORS:

The Shares may be purchased by Eligible Investors except in a limited number of cases and then only after supplementary offering materials have been distributed to such potential investors (such as, without limitation, US tax-exempt investors). Persons interested in purchasing Shares should inform themselves as to the legal requirements applicable to such persons of the purchase of Shares and any foreign exchange restrictions with which they must comply. A limited number of Shares may be sold to US investors and then only in a limited number of cases. In the case of such US investors, Shares may

be sold only to investors who meet all the eligibility standards as required by law and/or the Company. The Company reserves the right to offer Shares to investors who are not Eligible Investors upon compliance with applicable rules and regulations. The Company reserves the right to reject subscriptions for Shares, either in whole or in part, in its absolute discretion for any or for no reason.

“Eligible Investors” means any person or entity who is:

- (i) not a US person (as defined below);
- (ii) any entity who is exempt from US taxes, including but not limited to not-for-profit entities and defined benefit and contribution plans, subject to certain limitations on aggregate number investors and invested assets;

**MINIMUM
SUBSCRIPTION:**

The minimum investment per subscriber is U.S. \$100,000, unless waived by the Directors of the Company.

**SUBSCRIPTION
PROCEDURE:**

Persons interested in subscribing for Shares should complete the application form in respect of the relevant Class Fund(s) in which such persons wish to invest and return the same to the Administrator at the address listed thereon. Payment for Shares should be made by wire transfer.

REDEMPTION:

Shares are redeemable at the option of the holder on any Dealing Day, as defined below, at a price based upon Net Asset Value per Share as of the close of business on the preceding Business Day.

CONVERSIONS:

Shares of any class can be converted to Shares of any other class on any Dealing Day with five (5) Business Days prior written notice. The price at which Shares are so converted is based on the Net Asset Value per Share of the class of Shares then held and the Net Asset Value per Share of the class into which the holder is converting on the appropriate Valuation Day.

NET ASSET VALUE:

The Net Asset Value per Share of each class will be determined in accordance with the Company’s Bye-Laws. The net asset value (“**Net Asset Value**”) of each Fund is generally equivalent to the assets attributable to the Shares of each Fund less the liabilities attributable to the Shares of that Fund on any Valuation Day. The Net Asset Value per Share of each Fund is determined by dividing the Net Asset Value of that Fund by the number of outstanding Shares of the relevant class.

**INVESTMENT
ADVISORY FEES:**

The Company will pay the Investment Advisors an investment advisory fee payable in arrears on the last Business Day of each calendar month. The details of the investment advisory fee payable in respect of each class of Shares are set out in the relevant attached Supplement.

**RISK CONSIDER-
ATIONS:**

The specialized investment program of the Company and each Class Fund involves significant risks (see “**Risk Considerations**”).

THE COMPANY

Performa Reserve Fund Ltd. (the “**Company**”) is an exempted mutual fund company incorporated in Bermuda on March 21, 1997 with limited liability under the provisions of the Companies Act. The Company is classified as an Institutional Fund under the Investment Funds Act 2006 (the “**Investment Funds Act**”). The Company’s registered office is located at Continental Building, 25 Church Street, Hamilton HM 12, Bermuda. The Company has the object of carrying on the business of a mutual fund. As such, it has the power to issue and redeem its Shares at a price based on Net Asset Value, as determined as set out herein.

The Company has an authorized share capital of U.S.\$112,000 divided into 10,000,000 non-voting, redeemable, participating shares of par value U.S.\$0.01 each (the “**Common Shares**” or the “**Shares**”) and 12,000 ordinary, voting, non-participating, non-redeemable shares of par value U.S.\$1.00 each (the “**Founder Shares**”). The Bye-Laws of the Company (the “**Bye-Laws**”) empower the Directors of the Company (the “**Directors**”) to create different classes of Shares, each of which shall be further divided into classes of Income Shares and Accumulation Shares, and the Directors shall establish and maintain separate Funds (as defined herein) in respect of each class of Income Shares and each class of Accumulation Shares. The net proceeds from the sale of each class of Income Shares and each class of Accumulation Shares will be segregated into such separate funds (each, a “**Fund**”). All income and capital gains earned on the assets of each Fund shall accrue to such Fund and all expenses and liabilities related to a particular Fund and any redemptions of the Shares related thereto shall be charged to and paid from the Fund in question. Thus, the trading results of any one Fund should have no effect on the value of any other Fund and the holders of any class of Shares will not have any interest in any assets of the Company other than the Fund attributable to the class of Shares held by them.

The assets of each Fund may be subject to the general creditors of the Company.

The Directors of the Company anticipate that distributions will be paid quarterly (or more frequently) on Income Shares and that distributions will not be declared or paid on Accumulation Shares.

The Founder Shares have been issued to P.R.P. Performa Ltd.

The Company has been established to permit sophisticated private and institutional investors to participate in internationally diversified investment portfolios managed by the Investment Advisors.

INVESTMENT OBJECTIVE AND STRATEGY

The overall investment objective of the Company is to achieve, through the individual Funds, an above average rate of total return by investing in a diversified portfolio of financial instruments and strategies.

The individual Class Funds are managed by the Investment Advisors. The Investment Advisors invests in such securities, investment vehicles or strategies as it considers appropriate to achieve the investment objective of the Class Fund. The Investment Advisors may also evaluate and engage, on behalf of each Fund and Class Funds, additional Sub-Investment Advisors as deemed appropriate for meeting the objectives of any Class Fund.

LETTER OF CREDIT SERVICES

Certain Class Fund shares are accepted collateral (“**LOC Collateral**”) by various issuers of letters of credit (“**LOC Bank(s)**”). Shareholders may use such Class Fund Shares as eligible LOC Collateral to support letters of credit which these entities are in the business of issuing on behalf of insurance companies as required by insurance regulators in the United States. Depending on the Class Fund and the LOC Bank, the haircut value of the Class Fund Shares for collateral purposes have generally ranged from 85% to 95% for fixed income related Class Fund Shares and 70% to 85% for equity related Class Fund Shares of the Net Asset Value per Class Fund Share at the time of issuance of any letter of credit. The issuance of any letters of credit are subject to credit approval of each applicant by the LOC Bank in their sole discretion, and they reserve the right to issue or refuse to issue letters of credit on behalf of any applicant, whether or not the applicant has invested in the Class Fund Shares. The value described above is taken on a case-by-case basis and, as such, may vary with each approval and the Investment Advisors do not act on behalf of the shareholder in such transaction. For more information on collateral for letters of credit facilities, please contact the Investment Advisors.

RISK CONSIDERATIONS

This offering is intended only for those investors who have such knowledge and experience in financial and business matters that they are capable of evaluating the merits and risks of an investment in Shares of the Company and are able to bear the risk of their entire investment in the Company.

There can be no assurance that the Company will achieve its investment objectives. Investment in the Company involves a high degree of risk and could result in substantial losses. Prospective Investors should give careful consideration to the following risk factors in evaluating the merits and suitability of an investment in the Company. The following does not purport to be a comprehensive summary of all of the risks associated with an investment in the Company. Rather, the following are only certain risks to which the Company is subject and that the Investment Advisor wishes to encourage prospective investors to discuss in detail with their professional advisers.

Investment and Trading Risks in General

All securities investments risk the loss of capital. Investment in the various securities and other instruments contemplated by the Company involves significant economic risks. Although the Company's investment program is expected to provide some protection from the risk of loss inherent in the ownership of such investments, there can be no assurance that these strategies will completely protect against this risk or that the Company's investment objectives will be obtained.

Possible Effect of Redemptions

Shareholders may redeem their Shares in accordance with the Bye-Laws. Substantial redemptions could require the Company to liquidate investments more rapidly than otherwise desirable in order to raise the necessary cash to fund the redemptions and to achieve a market position appropriately reflecting a smaller equity base. In the case that this could adversely affect the value of the Shares, the Directors of the Company can require redemption in-kind; thereby delivering a prorated quantity of all investments held in the Company in lieu of cash.

An affiliate of the Investment Advisors may from time to time own a substantial portion of the issued Shares of the Company. If the affiliate were to cause its Shares in the Company to be redeemed, either voluntarily or through the actions of a secured creditor of the affiliate, it may request an in-kind redemption.

Cross Class Liability

The Company has several classes of Shares and further classes may be created in the future. Each separate class of Shares will be maintained as a Class Fund with separate accounting records. However, each Class Fund is not a separate legal entity. Thus all of the assets of the Company may be available to meet all of the liabilities of the Company, regardless of the separate Class Fund to which such assets or liabilities are attributable. In practice, cross class liability will usually only arise where any Class Fund becomes insolvent or exhausts its assets and is unable to meet all of its liabilities. In this case, all of the assets of the Company attributable to the other Class Funds may be applied to cover the liabilities of the insolvent Class Fund.

THE FOREGOING LIST OF RISK FACTORS DOES NOT PURPORT TO BE COMPLETE OR FULLY EXPLAIN THE RISKS INVOLVED IN AN INVESTMENT IN THE COMPANY.

Any Director who devotes special attention to the business of the Company may be paid

POTENTIAL CONFLICTS OF INTEREST

The Investment Advisors may act as manager or advisor to other mutual funds or clients and may also invest for its own accounts. As such, the Investment Advisors, on behalf of its other clients, could compete for the same trades or investments as the Company may otherwise make. When such an occasion arises, investment opportunities are allocated based on what the Investment Advisors deems to be equitable. However, in some cases, these allocation procedures may adversely affect the price paid or received by the Company or the size of the position obtained or disposed of by the Company.

Certain Directors of the Company may also be officers and/or directors of the Investment Advisors, the Company's legal advisors, or directors of companies in which the Company's assets are or may be invested. As such, the Directors may have a conflict between their obligation to act in the best interests of the Company and their interest in generating revenues or other benefits for other entities with persons with which they are affiliated.

A Director may hold any other office or place of profit under the Company (other than the office of auditor) in conjunction with his office of Director, or may act in a professional capacity to the Company on such terms as the Directors may determine. No Director shall be disqualified by his office from contracting with the Company in any capacity, nor shall any such contract or arrangement entered into by the Company in which any Director is in any way interested be liable to be avoided, nor shall any Director so contracting or being so interested be liable to account to the Company for any profit realized by any such contract or arrangement by reason of such Director holding that office if he shall declare the nature of his interest.

A Director, notwithstanding his interest, may be counted in the quorum present at any meeting at which he or any other Director is appointed to hold any such office or place of profit under the Company or at which the terms of any such appointment are arranged, and he may vote on any such appointment or arrangement other than his own appointment or the arrangement of terms thereof.

The Directors may from time to time purchase shares in Funds offered by the Company. Some of the Directors of the Company are also directors of the Investment Advisors and therefore have a material interest in the Investment Management Agreement and the Administration Agreement respectively. There are no existing or proposed service contracts between any of the Directors and the Company.

In the event a conflict of interest arises, the Directors will endeavor to ensure that the conflict is resolved fairly.

INDEMNITIES

The Bye-Laws provide that any Director or Officer of the Company shall be indemnified and held harmless out of the assets of the Company against all liabilities, loss, damage or expense (including but not limited to liabilities under contract, tort and statute or an applicable foreign law or regulation and all reasonable legal and other costs and expenses properly payable) incurred or suffered by him by or by reason of any act done, conceived in or omitted in the conduct of the Company's business or in the discharge of his duties and the indemnity contained in the Bye-Laws shall extend to any Director or Officer acting in any office or trust in the reasonable belief that he has been appointed or elected to such office or trust notwithstanding any defect in such appointment or election provided always that the indemnity contained in the Bye-Law shall not extend through his own fraud or dishonesty.

The Bye-Laws further provide that each Director or Officer of the Company shall be indemnified by the Company against, and it shall be the duty of the Directors out of the funds of the Company to pay, all costs, losses, and expenses which any Director or Officer may incur or become liable for by reason of any contract entered into, or act or thing done by him as such Director or Officer, or in any way in the discharge of his duties in which judgment is given in his favor, or in which he is acquitted, or in connection with an application under the Companies Act in which relief from liability is granted to him by the court. If a Director or Officer is entitled to claim an indemnity pursuant to the Bye-Laws in respect of amounts paid or discharged by him, the relevant indemnity shall take effect as an obligation of the Company to reimburse the person making such payment or effecting such discharge.

Expenses incurred in defending any civil or criminal action or proceeding for which indemnification is required pursuant to the Bye-Laws shall be paid by the Company in advance of the final disposition of such action or

proceeding upon receipt of an undertaking by or on behalf of the Director or Officer to repay such amount if any allegation of fraud or dishonesty is proved against the Director or Officer.

The Company has agreed to indemnify each of the Investment Advisors, Sub-Investment Advisors, the Administrator, Sub-Administrator and the Custodian from and against any and all liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses or disbursements of any kind or nature whatsoever (other than those resulting from the fraud, willful misconduct or gross negligence on the part of the Investment Advisors, Sub-Investment Advisors, Administrator, Sub-Administrator, Custodian, or any agent appointed by them) which may be imposed on, incurred by or asserted against the Investment Advisors, Sub-Investment Advisors, Administrator, Sub Administrator or Custodian, or the case may be, in performing their respective obligations or duties under the Investment Management Agreements, Sub-Investment Management Agreements, Master Fund Administration and Transfer Agency Services Agreement, Custodian Agreement or any sub-investment management agreement.

OFFERING OF SHARES

The Shares of the Company will be available for subscription pursuant to this Prospectus and any Supplement on any Dealing Day and at such other times as the Directors may allow from time to time. The price at which the Shares are issued is based upon the Net Asset Value per Share generally as of the close of business on the preceding Business Day. The Subscription Price is payable in full on application.

The Shares may be purchased by Qualified Investors (as defined above) and Eligible Investors except in a limited number of cases and then only after supplementary offering materials have been distributed to such potential investors (such as, without limitation, US tax-exempted investors). Persons interested in purchasing Shares should inform themselves as to the legal requirements applicable to such persons of the purchase of Shares and any foreign exchange restrictions with which they must comply. A limited number of Shares may be sold to US investors and then only in a limited number of cases. In the case of such US investors, shares may be sold only to investors who meet all the eligibility standards as required by law and/or the Company. The Company reserves the right to offer Shares to investors who are not Eligible Investors upon compliance with applicable rules and regulation. The Company reserves the right to reject subscriptions for Shares, either in whole or in part, in its absolute discretion for any reason or for no-reason.

“Eligible Investors” means any person or entity who is (i) not a US person (as defined below); (ii) any entity who is exempt from US taxes, including but not limited to not-for-profit entities and defined benefit and contribution plans, subject to certain limitations on aggregate number investors and invested assets; (iii) a custodian, nominee or trustee of the above; or (iv) a Non-Qualified Person determined to be eligible by the Company.

PROCEDURE FOR PURCHASING SHARES

Applications for Shares may be made on any Dealing Day, or if such a day is not a Business Day then the preceding Business Day. A Business Day is a day when the banks in Bermuda or New York are open for business and/or such other day as the Directors may from time to time determine.

Shares may be subscribed for at a price denominated in U.S. dollars and calculated by reference to the Net Asset Value per Share on the Valuation Day immediately preceding the relevant Dealing Day. The Share price is available from the Administrator on request.

Application should be made by completing and signing the Application Form. The Application Form should be sent to the Class Fund c/o the Administrator’s office in Bermuda by fax with the original to follow. Subscription monies should be sent by wire transfer to the Company’s bank account at Comerica (please see the Application Form for details). In order for a subscription to be valid, the following must occur:

- Applications for the issue of Shares must be received by the Administrator by 5:00 p.m. (Atlantic Standard Time) on the particular Valuation Day.
- The bank must confirm receipt of subscription monies by 5:00 p.m. (Atlantic Standard Time) on the particular Valuation Day. In the event that the subscription is part of an Investment Advisor approved reallocation scheme, subscription monies may be received in a timely manner subsequent to the deadline stated above.

If either of the above conditions is not met, the subscription will move to the next Valuation Day.

When first applying for Shares, applicants must purchase a minimum of U.S.\$100,000 worth of Shares, unless waived by the Directors of the Company. Applicants subscribing for Shares in the Company are advised that the Shares are issued subject to the provisions of the Company's Memorandum of Association, Bye-Laws, this Prospectus and any relevant Supplement. Please contact the Administrator or the Investment Advisors for the most current Application Form.

REDEMPTION OF SHARES

Generally, Shares may be redeemed on any Dealing Day if received by 5:00 p.m. (Atlantic Standard Time) on the preceding Business Day (subject to the Directors waiving such notice), or at such other times as the Directors may determine. Shares will be redeemed at a price per Share equal to the Net Asset Value per Share of the relevant class as at the close of business in Bermuda on the preceding Business Day. Payment of the redemption price will normally be made by telegraphic transfer, sent at the risk of the Shareholder, to the Shareholder's designated bank account within three (3) Business Days following the redemption of the Shares.

If a partial redemption would result in the Shareholder holding a number of Shares having an aggregate Net Asset Value of U.S. \$100,000 or less, then the Company has the right to refuse to honor such request for partial redemption.

Shares will be maintained in book stock form unless a certificate is requested by the Shareholder. Shareholders holding share certificates wishing to redeem their Shares must complete the form on the reverse of the share certificate and send the same to the Administrator. Redemption instructions not received by 5:00 p.m. (Atlantic Standard Time) on the Business Days prior to the relevant Dealing Day set for redemption shall be treated as a request for redemption on the next day available for redemptions. The Investment Advisors may elect to purchase Shares offered for redemption at a price equal to the redemption price rather than requiring the Company to redeem them. The Company may satisfy any request for redemption of Shares by the transfer to the redeeming Shareholder of assets of the Company. Once submitted, a redemption request is irrevocable unless otherwise agreed by the Directors.

Under certain circumstances stated herein, redemption in-kind may be the fairest way of handling the needs of the redeeming party without impairing the value of the remaining shareholders. Redemption in-kind will result in the delivery of a prorated amount of each investment in the Company in lieu of cash. The prorating process will preserve the minimum trading quantities of the individual investments.

CONVERSION OF SHARES

Subject to the provisions of the Bye-Laws, the Company will, on receipt by it of a written request for conversion, convert all or a portion of the existing Shares held by a Shareholder into Shares of a different class.

The conversion of Shares will be made on the next Dealing Day falling five (5) Business Days after receipt of such written conversion request and for such purposes any written conversion request received after 5:00 p.m. (Atlantic Standard Time) on a day will be treated as having been received on the next Business Day. Where a certificate has been issued in respect of the Shares to be converted, the Shareholder must lodge with the Company such certificate prior to conversion.

TRANSFER OF SHARES

Shareholders are entitled to freely transfer their Shares (subject to the following restrictions) by an instrument in writing in the usual and common form. A Shareholder is not entitled to transfer Shares if as a result of such transfer either he or the person to whom the Shares are to be transferred will hold Shares having a Net Asset Value of less than U.S.\$100,000, unless waived by the Company. Shareholders are not authorized to transfer Shares to any person who would not be entitled to subscribe for Shares (see "**Offering of Shares**" and "**Compulsory Redemptions**").

The transfer of Shares will be made on any Business Day provided a written transfer request shall have been received by the Administrator by 5:00 p.m. (Atlantic Standard Time) and for such purposes any written transfer request received after 5:00 p.m. (Atlantic Standard Time) on a day will be treated as having been received on the next Business Day. Where a certificate has been issued in respect of the Shares to be transferred, the Shareholder must lodge with the Company such certificate prior to transfer.

DETERMINATION OF NET ASSET VALUE

The Bye-Laws provide that the subscription price and redemption price of each Share will be determined by reference to the Net Asset Value per Share of that particular class. The Bye-Laws provide that the Net Asset Value per Share of each class will be determined as at the close of business in Bermuda on each Business Day preceding a Dealing Day and/or such other Business Day as the Directors may from time to time designate (the “**Valuation Day**”) and will be calculated by reference to the value of the net assets of the relevant Fund.

The value of the net assets of each Fund will be determined in accordance with, inter-alia, the following provisions:

- (a) all calculations of the value of investments quoted, listed, traded or dealt in on any exchange shall be made by reference to the last quoted price (or, in the absence of any trades, at the mean between the last offer price and the last bid price) on the principal exchange for such investments as at the close of business on the day for which such calculation is to be made; all calculations of all other securities shall be made by reference to the mean between the last offer and the last bid prices quoted on the principal exchange of the security, provided always that:
 - (i) if the Directors at their discretion consider that the prices ruling on an exchange other than the principal exchange provide in all the circumstances a fairer criterion of value in relation to any such investment, they may adopt such prices; and
 - (ii) the Directors may, at their absolute discretion, permit some other method of valuation to be used if they consider that such valuation better reflects the value;
- (b) if a Fund invests in a collective investment vehicle the value of such investment shall be determined by reference to the most recent reported valuation of the collective investment vehicle by its administrator or investment manager as the case may be;
- (c) if no price quotations are available as above provided, the value of an asset shall be determined from time to time in such manner as the Directors shall determine; and
- (d) any value (whether of a security or cash) otherwise than in U.S. dollars shall be converted into U.S. dollars at the rate (whether official or otherwise) which the Directors shall in their absolute discretion deem appropriate to the circumstances having regard, inter alia, to any premium or discount which they consider may be relevant and to costs of exchange.

The Bye-Laws of the Company provide that any written statement as to the Net Asset Value per Share of any class and/or the subscription price and/or redemption price per Share of any class given in good faith by or on behalf of the Directors is binding on all parties.

COMPULSORY REDEMPTIONS

The Directors of the Company may compel a Shareholder to redeem some or all of its Shares for any purpose, including for the purpose of ensuring that no Shares are acquired or held by any United States person or by any person in breach of the law or requirements of any country or governmental authority, or any person or persons in circumstances (whether directly or indirectly affecting such person or persons and whether taken alone or in conjunction with any other persons, connected or not, or any other circumstances appearing to the Directors to be relevant) which in the opinion of the Directors might result in the Company incurring any liability to taxation or suffering any other pecuniary disadvantage which the Company might not otherwise have incurred or suffered (each, a “**Non-qualified Person**”).

If it comes to the notice of the Directors that any Shares are held by any such Non-qualified Person, the Directors may give notice to such person requiring the redemption or transfer of such Shares in accordance with the provisions of the Bye-Laws. If a person becomes aware that he is holding or owning Shares in breach of any such restriction he is required either to deliver to the Company a written request for redemption of the Shares or to transfer the same to a person who is not such a Non-qualified Person.

Pursuant to the Bye-Laws, whenever the capital of the Company is divided into different classes, the Directors of the Company have the power to redeem on not less than thirty (30) days’ notice all but not less than all of the Shares of any Class in issue.

BORROWING RESTRICTIONS

The Directors may exercise the Company's powers to borrow and to charge its assets, but they are required to restrict the borrowing of the Company so as to secure that the aggregate amount for the time being remaining undischarged of all monies borrowed by the Company does not exceed an amount equal to five percent (5%) of the net assets of each Class Fund. The Directors do not anticipate the Company engaging in significant borrowing.

INVESTMENT RESTRICTIONS

In carrying out its obligations under this Prospectus, the Investment Advisors shall have regard to and comply with both the investment guidelines contained in the relevant Supplement, as such may be amended from time to time, and the terms of the Investment Management Agreement.

THE SHARES

The capital of the Company is divided into 12,000 ordinary, voting, non-participating, non-redeemable shares of a par value of \$1.00 each (the “**Founder Shares**”) and 10,000,000 non-voting, redeemable, participating shares of a par value of U.S.\$0.01 each (the “**Common Shares**” or the “**Shares**”) which shall be divided in such number of classes as the Directors may determine and each class of Shares shall be further divided into classes of income shares (the “**Income Shares**”) and accumulation shares (the “**Accumulation Shares**”).

- (a) The holders of the Founder Shares shall:
 - i) be entitled to receive notice of and attend and vote at general meetings of the Company and one vote per Founder Share;
 - ii) not be entitled to any dividends or other distributions;
 - iii) in the event of a winding up or dissolution of the Company, whether voluntary or involuntary or for the reorganization or otherwise or upon distribution of capital, be entitled to the amount of capital paid up on their Founder Shares after the payment in full of the capital paid up on the Shares to the holders thereof but to no other or further amount;
 - iv) not be entitled to redemption or repurchase of such Founder Shares, whether at the option of the Company or the holder.
- (b) The holders of the Shares shall:
 - i) save to the extent provided by the Companies Act and the Bye-Laws, not be entitled to receive notice of, nor to attend or vote at general meetings of the Company;
 - ii) in respect of Shares further divided into Income Shares, be entitled to such dividends as the Directors may from time to time declare and in respect of Shares further divided into Accumulation Shares shall not be entitled to any dividends;
 - iii) in the event of a winding up or dissolution of the Company, whether voluntary or involuntary or for the reorganization or otherwise or upon any distribution of capital, be entitled to the amount of capital paid up on their Shares in priority to the holder of the Founder Shares after the payment in full of the capital paid up on the Shares to the holders thereof to share pro rata in the surplus assets of the relevant Fund;
 - iv) be entitled and subject to redemption or repurchase of such Shares as provided in the Bye-Laws.

Share Certificates

Shares will be issued in book stock form, unless share certificates are specifically requested. If specifically requested, share certificates will be in registered form and will be dispatched by the Company as soon as practicable after the Shares have been issued.

Share certificates are only issued in the names of companies, partnerships or individuals. In the case of a Shareholder acting in a special capacity (such as a trustee), certificates may, at the request of a Shareholder, record the capacity in which the shareholder is acting. Shares purchased for those under 21 years of age must be registered in the name of the parent or guardian, but may be designated with the minor's initials for the purposes of

identification. The Company will take no cognizance of any trust applicable to the Shares represented by such certificates.

Variation of Class Rights

Any rights attached to a class of Shares of the Company may be varied (unless otherwise provided by the terms of issue of the Shares of that class) with the sanction of a resolution passed by a majority of three-fourths of the holders of such Shares at a separate general meeting. The rights attached to any class of Shares (unless otherwise expressly provided by the conditions of issue of such Shares) are deemed not to be varied by the creation, allotment or issue of Shares ranking *pari passu* therewith.

SUSPENSION OF DEALINGS

The Directors may suspend the determination of the Net Asset Value per Share of any class for the whole or any part of a period:

- (a) during which any exchange or over-the-counter market on which any significant portion of the investments of a Fund are listed, quoted, traded or dealt in is closed (other than customary weekend and holiday closing) or trading on any such exchange or market is restricted or suspended;
- (b) when circumstances exist as a result of which in the opinion of the Investment Advisor it is not reasonably practicable for the Company to dispose of investments comprised in a Fund or as a result of which any such disposal would be materially prejudicial to shareholders;
- (c) when a breakdown occurs in any of the means normally employed in ascertaining the value of investments or when for any other reason the value of any of the investments or other assets of a Fund cannot reasonably or fairly be ascertained; or
- (d) during which the Company in the opinion of the Investment Advisor is unable to repatriate funds required for the purpose of making payments due on redemption of the Shares of the relevant class or during which any transfer of funds involved in the realisation or acquisition of investments or payments due on redemptions of the Shares of the relevant class cannot in the opinion of the Directors be effected at normal rates of exchange.

When the determination of the Net Asset Value of the Shares of any class has been suspended, Shares of that class may not be issued, converted or redeemed, except for an in-kind redemption as described in the Redemption of Shares section above.

Investors should consult their professional advisors on the possible tax consequences of their subscribing for, purchasing, holding, selling or redeeming Shares under the laws of their countries of citizenship, residence, ordinary residence or domicile.

Bermuda

At the date of this Prospectus, there is no Bermuda income, corporation, or profits tax, withholding tax, capital gains tax, capital transfer tax, estate duty or inheritance tax payable by the Company or its shareholders, other than shareholders ordinarily resident in Bermuda. The Company is not subject to stamp duty on the issue, transfer or redemption of its Shares.

The Company has received from the Minister of Finance of Bermuda, under the Exempted Undertakings Tax Protection Act, 1966 an assurance that, in the event of there being enacted in Bermuda any legislation imposing tax computed on profits or income, or computed on any capital assets, gain or appreciation or any tax in the nature of estate duty or inheritance tax, such tax shall not until March 31, 2035 be applicable to the Company or to any of its operations, or to the shares, debentures or other obligations of the Company except in so far as such tax applies to persons ordinarily resident in Bermuda and holding such shares, debentures or other obligations of the Company or any land leased or let to the Company.

The Company is liable for a *de Minimis*, annual registration fee calculated by reference to the current assessable share capital of the Company, payable to the Government of Bermuda. Furthermore as an authorized investment fund, the Company is liable to pay an additional, *de Minimis*, annual fee under the Investment Funds Act.

Compliance with automatic exchange of information legislation

US Foreign Account Tax Compliance Act. Sections 1471 through 1474 of the US Internal Revenue Code (referred to as FATCA) will impose a withholding tax of 30 per cent on certain US-sourced gross amounts paid to certain “Foreign Financial Institutions”, including the Company, unless various information reporting requirements are satisfied. Amounts subject to withholding under these rules generally include gross US-source dividend and interest income, gross proceeds from the sale of property that produces dividend or interest income from sources within the US and certain other payments made by “Participating Foreign Financial Institutions” to “recalcitrant account holders” (so called “foreign pass thru payments”).

The Bermuda Government has entered into a Model 2 intergovernmental agreement with the United States (the “**US IGA**”) and implemented domestic legislation to facilitate compliance with FATCA. To comply with its obligations under applicable legislation, the Company will be required to report FATCA information to the United States Internal Revenue Service (“**IRS**”). To avoid withholding under FATCA, the Company may request additional information from any Shareholder and its beneficial owners (that may be disclosed to the IRS) to identify whether Shares are held directly or indirectly by “Specified US Persons” (as defined in the US IGA). If the Company is not able to comply with reporting requirements under the US IGA (whether due to a failure of one or more Shareholders to provide adequate information or otherwise), the 30 per cent withholding tax under FATCA could apply to the Company.

UK requirements regarding tax reporting. The Bermuda Government has also signed an intergovernmental agreement with the United Kingdom (the “**UK IGA**”) in a broadly similar form to the US IGA. The UK IGA and the Bermuda implementing legislation impose similar requirements to the US IGA, so that the Company will be required to identify Shares held directly or indirectly by “Specified United Kingdom Persons” (as defined in the UK IGA) and report information on such Specified United Kingdom Persons directly to HM Revenue & Customs (“**HMRC**”), the United Kingdom tax authority.

OECD Common Reporting Standard requirements regarding tax reporting. The OECD has adopted a “Common Reporting Standard” (**CRS**), which is intended to become an international standard for financial account reporting. The Bermuda Government is a signatory to the multi-lateral competent authority agreement (“**MCAA**”) that will be adopted by all jurisdictions committing to the CRS (each a “**Participating Jurisdiction**”). Participating Jurisdictions that have committed to adopt the CRS and the MCAA will become **Reportable Jurisdictions** when they implement local legislation and it is expected that the first exchanges of information under this regime will begin in 2017. Under the Bermuda implementing legislation (the “**CRS Legislation**”) the Company will be required to make an annual filing in respect of Shareholders who are resident in a Reportable Jurisdiction or whose “Controlling Persons” are resident in a Reportable Jurisdiction and who are not covered by one of the limited exemptions in the CRS Legislation. The MCAA and reporting obligations under the CRS Legislation are very similar to the UK IGA and will eventually replace the UK IGA.

A list of Participating and Reportable Jurisdictions will be published by the Bermuda Ministry of Finance.

Implications for Shareholders. In order to comply with the US IGA, the UK IGA, the MCAA and the relevant domestic legislation (collectively “*AEOI Legislation*”), the Company may be required to disclose certain confidential information provided by Shareholders to the IRS, HMRC or the Ministry of Finance (as the case may be). In addition, the Company may at any time require a Shareholder to provide additional information and/or documentation which the Company may be required to disclose to the IRS, HMRC or the Ministry of Finance.

If a Shareholder does not provide the requested information and/or documentation, whether or not that actually leads to compliance failures by the Company, or a risk of the Company being subject to any withholding tax or other liability or being required to withhold amounts from distributions to be made to any Shareholder, the Company may take any action and/or pursue any remedy at its disposal. Such action or remedy may include the compulsory redemption of some or all of the Shares held by the Shareholder concerned or the conversion of such Shares into Shares of another Class.

To the extent the Company incurs any costs or suffers any withholding as a result of a Shareholder’s failure, or is required by law to apply a withholding against the Shareholder, it may set off such amount against any payment otherwise due from the Company to the Shareholder or may allocate such amount to the Shares held by such Shareholder. No Shareholder affected by any such action or remedy shall have any claim against the Company for any form of damages or liability as a result of actions taken or remedies pursued by or on behalf of the Company in order to comply with the AEOI Legislation.

Shareholders are encouraged to consult their own advisors regarding the possible application of the AEOI Legislation and the potential impact of the same, on any their investment in the Company.

FINANCIAL REPORT

The Directors of the Company confirm that as of the date of this Prospectus, the Company has commenced business, dividends have been declared or paid as outlined in the financial statements for the year ending on the date specified in the Supplement of each Class Fund for laying before a general meeting of the Company and the auditors have conducted an audit and issued their audit report with respect to the said financial statements.

MATERIAL CONTRACTS

The following contracts (not being contracts in the ordinary course of business) have been entered into by the Company and are, or may be, material:

- (a) Investment Management Agreements between the Company and
 - i. each Investment Advisor pursuant to which the Investment Advisor has been appointed to provide investment advice to the Company; and,
 - ii. each Sub-Investment Advisor pursuant to which the Investment Advisor has determined the Company should appoint a Sub-Investment Advisor to assist the Investment Advisors in providing investment advice to the Company for specific Class Funds.
- (b) the Custodian Agreement between the Company and the Custodian dated September 2003, as amended pursuant to which the Custodian has been appointed custodian of the assets of the Company; and
- (c) the Master Fund Administration and Transfer Agency Services Agreement between the Company and the Administrator dated March 2016 pursuant to which the Administrator has been appointed administrator of the Company.

MISCELLANEOUS

Dividends

Since the investment objective relating to the Accumulation Shares is capital appreciation, it is expected that the Company will distribute little or no cash dividends in relation to the Accumulation Shares. It is anticipated that dividends will be declared and paid quarterly in respect of the Income Shares. Dividends may be declared by the Board of Directors of the Company within the limits provided by law and the Bye-Laws and will, if so declared, be paid out of the net investment income and, when appropriate, net realized capital gains of the appropriate Fund.

Dividend announcements and payments shall be made by the Company to each Income Shareholder of record on the relevant record date.

Unless notice is given to the Company to the contrary, distributions payable to holders of Income Shares will be reinvested at the next Dealing Day and applied towards the purchase of new Income Shares.

Dividends unclaimed after six years from the date of declaration will lapse and revert to the Company.

Bermuda Disclosure

The Company has been classified as non-resident of Bermuda for exchange control purposes by the Authority whose permission for the issue of Shares has been obtained. The issue, redemption and transfer of Shares to, by and between persons regarded as non-resident in Bermuda for exchange control purposes may be effected without specific consent under the Exchange Control Act 1972 of Bermuda and regulations made thereunder. Issues and transfers involving any person regarded as resident in Bermuda for exchange control purposes require specific prior authorization under that Act. The Company, by virtue of being non-resident of Bermuda for exchange control purposes, is free to acquire, hold and sell any foreign currency and securities without restriction.

The minimum amount which in the opinion of the Directors must be raised by the initial offer of Shares in order to provide for the matters referred to in section 28 of the Companies Act is nil.

Anti-Money Laundering, Countering Terrorist Financing Measures & “KYC” Documentation Provisions

As part of the Directors', Investment Advisers', Administrator's and the Company's responsibility for protection against money laundering and/or anti-terrorist financing, “Know-Your-Customer” documentation is required for all potential applicants. Please contact the Administrator or Investment Advisors for a list of these requirements.

True copies of the original documents required under the applicable rules and regulations, must be certified by the applicant's Company Secretary, or acceptable equivalent.

The Company, the Directors, the Investment Advisors and the Administrator intend to comply with all applicable anti-money laundering and/or anti-terrorist financing regulations. The Company may be required to obtain certain assurances as may be necessary or advisable from Shareholders subscribing for Shares, disclose information pertaining to the Company's Shareholders to governmental, regulatory or other authorities or financial intermediaries, engage in due diligence or take other related actions in the future. Each Shareholder may be required to provide such information as may be necessary or advisable for the Company, in the judgment of the Investment Advisors and/or Administrator, to comply with applicable anti-money laundering and/or anti-terrorist financing requirements. By executing the Company's subscription materials, each Shareholder consents, and by owning Shares of the Company is deemed to have consented, to disclosure by the Company and its agents to relevant third parties of information as may be necessary or advisable in order for the Company to comply with applicable anti-money laundering and/or anti-terrorist financing requirements.

The Investment Advisors and/or Administrator reserve the right to request such information as it deems necessary or appropriate to verify the identity of a Shareholder or otherwise comply with anti-money laundering, anti-terrorist financing or similar regulations. In the event of delay or failure by an investor to produce any such information, the Investment Advisors and/or Administrator may not accept the investor's subscription materials and capital contributions relating thereto or may refuse to process a redemption request until proper information has been provided. In addition, the Company may require a Shareholder to redeem from the Company if the Shareholder does not honor requests for further information. The Investment Advisors, the Board of Directors, the Company and the Administrator shall be held harmless and indemnified against any loss arising as a result of failure to process a subscription or redemption request if such requested information has not been provided by the Shareholder.

In addition, the Company may, in its sole discretion, undertake appropriate action to ensure compliance with applicable laws or regulations related to anti-money laundering, anti-terrorist financing and similar activities, including but not limited to freezing, segregating or redeeming a Shareholder's Shares in the Company. If a person who is resident in Bermuda (including the Administrator) has a suspicion that a payment to the Company (by way of subscription or otherwise) contains the proceeds of criminal conduct, that person is required to report such suspicion pursuant to the Bermuda Proceeds of Crime Act, 1997 and Anti-Terrorism (Financial and Other Measures) Act 2004.

CONSTITUTION OF THE COMPANY

The Memorandum of Association and the Bye-Laws comprise its constitution.

The Memorandum of Association provides in clause six various objects of the Company including the carrying on of the businesses described in this Prospectus.

The Bye-Laws include provisions to the following effect:

Share Rights

The Company has an authorized share capital of is U.S.\$112,000 divided into 10,000,000 non-voting, redeemable, participating shares of par value U.S.\$0.01 each (the “**Common Shares**” or the “**Shares**”) and 12,000 ordinary, voting, non-participating, non-redeemable shares of par value U.S.\$1.00 each (the “**Founder Shares**”). The Board may from time to time at its absolute discretion, create, constitute and issue such further class or classes or series within a class., which classes of Shares may be further divided into classes of Income Shares and Accumulation Shares. There are no pre-emption rights with respect to any class of shares of the Company.

Alteration of Capital

The Company may from time to time by resolution of the holders of Founder Shares:

- a) increase its capital by such sum divided into shares of such amounts as the resolution shall prescribe;
- b) alter the share capital of the Company;
- c) reduce its share capital to such sum not less than the minimum share capital prescribed by the Memorandum of Association as the resolution shall determine.

Classes of Shares

The Directors are required to establish a fund relating to the assets of each class of Income Shares and each class of Accumulation Shares and may from time to time establish new Funds and new classes of Shares issued or allotted. The following provisions shall apply to such Funds:

- a) the proceeds from the allotment and issue of each class of Shares shall be applied in the books of the Company to the Fund established for that class of Shares, and the assets and liabilities and income and expenditure attributable thereto shall be applied to such Fund subject to the provisions of the Bye-Laws;
- b) in the case of a managed fund (i.e. a fund which may invest in or through other funds) the assets comprised within the managed fund may be paid into one or more of the other Funds in accordance with determinations made by the Investment Advisors or the portfolio manager of the relevant managed fund or such other person authorized by the Directors from time to time to make such determination and the managed fund shall be credited with such number of “notional shares” issued by the relevant Fund as represents the amount of money so transferred. A notional share of a particular Fund is deemed to have a net asset value equal to the Net Asset Value of the shares of the relevant Fund and is also deemed to be entitled to share pro rata in any dividends declared or surplus assets on a distribution of capital or otherwise of the relevant Fund;
- c) where any asset is derived from another asset (whether cash or otherwise), such derivative asset shall be applied in the books of the Company to the same Fund as the asset from which it was derived and on each revaluation of an investment the increase or diminution in value shall be applied to the relevant Fund;
- d) in the case of any asset of the Company (or amount treated as a notional asset) which the Directors do not consider is attributable to a particular Fund or Funds, the Directors shall have discretion to determine the basis upon which any such asset shall be allocated between Funds and the Directors shall have power at any time and from time to time to vary such basis;
- e) the Directors shall have the discretion to determine the basis upon which any liability which, in the opinion of the Directors, does not relate to any particular Fund shall be allocated among Funds (including conditions as to subsequent re-allocation thereof if circumstances so permit) and shall have power at any time and from time to time to vary such basis;

- f) the Directors may transfer any assets (or amounts treated as notional assets) to and from Funds if, as a result of a creditor proceeding against certain of the assets of the Company or otherwise, a liability would be borne in a different manner from that in which it would have been borne under paragraph (e) above, or in any similar circumstances.

Calculation of Net Asset Value

The Bye-Laws provide that the Net Asset Value per Share of any class will be determined as of the close of business in Bermuda on each Valuation Day and will be calculated by reference to the value of the net assets of the relevant Fund. The value of the net assets of a Fund will be determined in accordance with the provisions set out under “Determination of Net Asset Value”.

Subscription and Redemption Prices

The Bye-Laws provide that the subscription price and redemption price of each Share will be based on the Net Asset Value per Share of the appropriate class. The Bye-Laws provide that any certificate as to the net asset value per Share and/or the subscription price and/or redemption price per Share given in good faith by or on behalf of the Directors is binding on all parties.

Suspension of Valuations and Dealings

The Directors may suspend the determination of the Net Asset Value per Share of any class for the whole or any part of a period during which any exchange or over-the-counter market on which any significant portion of the investments of a Fund are listed, quoted, traded or dealt in is closed (other than customary weekend and holiday closing) or trading on any such exchange or market is restricted; when circumstances exist as a result of which in the opinion of the Investment Advisor it is not reasonably practicable for the Company to dispose of investments comprised in a Fund or as a result of which any such disposal would be materially prejudicial to shareholders; when a breakdown occurs in any of the means normally employed in ascertaining the value of investments or when for any other reason the value of any of the investments or other assets of a Fund cannot reasonably or fairly be ascertained; or during which the Company is unable to repatriate funds required for the purpose of making payments due on redemption of the Shares of the relevant class or during which any transfer of funds involved in the realization or acquisition of investments or payments due on redemptions of the Shares of the relevant class cannot in the opinion of the Investment Advisor be effected at normal rates of exchange. In the case that this could adversely affect the value of the shares, the Directors of the Company can require redemption in-kind; thereby delivering a prorated quantity of all investments held in a Fund in lieu of cash.

Variation of Class Rights

All or any of the special rights for the time being attached to any class of share for the time being issued (of which there are none at present save as referred to herein) may (unless otherwise provided by the terms of issue of the shares of that class) from time to time be altered or abrogated with the sanction of a resolution passed by a majority of three-fourths at a separate general meeting of the holders of such shares on the register at the date on which notice of such separate general meeting was given.

The rights attached to any class of shares shall (unless otherwise expressly provided by the conditions of issue of such shares) not be deemed to be varied by the creation, allotment or issue of further shares ranking equally therewith.

Voting Rights

Subject to any special terms as to voting upon which any shares may be issued or may for the time being be held, at any general meeting on a show of hands every holder of Founder Shares who (being an individual) is present in person or (being a corporation) is present by duly authorized representative shall have one vote. On a poll every such holder present as aforesaid or by proxy shall have one vote for every share held.

To be passed, resolutions of the Company in general meeting will require a simple majority of the votes cast by the Founder Shareholders voting in person or by proxy at the meeting at which the resolution is proposed.

Subject to Bye-Law 5, a simple majority of the votes cast by Founder Shareholders present in person or by proxy and (being entitled to vote) voting in general meeting is required in order to rescind, alter or amend a Bye-Law or make a new Bye-Law. Further, no Bye-Law shall be rescinded, altered or amended and no new Bye-Law shall be made unless the same shall have been proposed at a meeting of the Directors.

Directors

The remuneration of the Directors shall be determined by the Company by resolution of the holders of Founder Shares. The Directors may also be paid, inter alia, for traveling, hotel and other expenses properly incurred by them in attending meetings of the Directors or in connection with the business of the Company. Any Director who devotes special attention to the business of the Company may be paid such extra remuneration as the Directors may determine.

A Director may hold any other office or place of profit under the Company (other than the office of auditor) in conjunction with his office of Director, or may act in a professional capacity to the Company on such terms as the Directors may determine. No Director shall be disqualified by his office from contracting with the Company in any capacity, nor shall any such contract or arrangement entered into by the Company in which any Director is in any way interested be liable to be avoided, nor shall any Director so contracting or being so interested be liable to account to the Company for any profit realized by any such contract or arrangement by reason of such Director holding that office if he shall declare the nature of his interest.

A Director, notwithstanding his interest, may be counted in the quorum present at any meeting at which he or any other Director is appointed to hold any such office or place of profit under the Company or at which the terms of any such appointment are arranged, and he may vote on any such appointment or arrangement other than his own appointment or the arrangement of terms thereof.

There is no provision in the Bye-Laws requiring a Director to retire by reason of any age limit and no share qualification for Directors.

Restrictions on Shareholders

The Directors have power to impose such restrictions as they may think necessary for the purpose of ensuring that no Shares in the Company are acquired or held by any U.S. persons (as defined below) or Non-Qualified Person (as defined below) in circumstances (whether directly or indirectly affecting such person or persons and whether taken alone or in conjunction with any other persons, connected or not, or any other circumstances appearing to the Directors to be relevant) which, in the opinion of the Directors, might result in the Company incurring any liability to taxation or suffering any other pecuniary, regulatory, material, administrative or commercial disadvantage which the Company might not otherwise have incurred or suffered. In the event that the Company incurs any tax liability or suffers any other pecuniary, regulatory, material, administrative or commercial disadvantages resulting from a Non-Qualified Person being a Shareholder, the Company may require such person to reimburse the Company for such liability, suffering or disadvantages.

If it comes to the notice of the Directors that any Shares are so held by any such Non-Qualified Person the Directors may give notice to such person requiring the redemption or transfer of such Non-Qualified Person's Shares in accordance with the provisions of the Bye-Laws. A person who becomes aware that he is holding or owning Shares under circumstances that render such person a Non-Qualified Person is required either to deliver to the Company a written request for redemption of his shares in accordance with the Bye-Laws or to transfer the same to a person who would not thereby be a Non-Qualified Person.
